HISTORY

In 1942 it was stated that the 4th Section of the Intelligence Section in Leningrad was located here. This was believed to have been idw the RO of the Leningrad Front ()

25X1A2g

It was stated that sometime in 1944, many Partisan training schools located in other towns were moved to 35 Dekabrist Street. These schools have been reported as ()

1. The Special School # 2 for Partisans. Directed by the GRU and located in Moscow at 6 Chepayevska Ulitsa. MVA 2818 falsely reported to school to have been directed in Moscow by the Gen Staff of the Partisan Movement through the NK0. Transferred from Moscow to Leningrad in Feb 1944. (1) 25X1A2g

2. The Special School # 3 for Partisans located in Moscow at 18 Ulitsa Karla Marksa. Actually this was the Special School # 3 for Radio Operators, and was directed by the GRU. MGKA 2818 falsely reports this school as subordinated through the NK0 to the Gen Staff of the Partisan Movement. In Feb 1944 transferred to Moscow.

3. "The Special Section for Special Tasks. It has been stated that in Feb 1944 the former Partisan School at Ivanovo and the Cam at Pogrelko were transferred to 35 Dekabrist Street to form the Special Section for Special Tasks.

(1) Actually it was chiefly the Baltic group which appears to have been transferred from the Special School # 2 for Partisans to 35 Dekabrist Street

In the fall of 1941 a Soviet Partisan Staff of the Northern Front was organized in Leningrad. It had under its jurisdiction all Soviet agents, saboteurs, and partisan groups in that region. The staff occupied a small private house on Ulitsa Dekabristov and had its own radio station. Military Commissar ~~XXXXXXXXXX~~ an extremely intelligence, energetic ex NKVD officer, Major, 40 years old, was in charge of recruiting and training agents. He was awarded the Order of the Red Banner in January 1942 and became a Lt. Col. for his special services.

In 1944 training for partisan s who were to work in Estonia took place at the Central Training School in Leningrad, 35 Dekabrist Street. The school was directly subordinated to the Partisan Staff and trained espionage agents, radio agents, sabotage agents.

The school in 1944 was composed of the Former Special School # 2, which gave sabotage training, and Special School # 3 which gave radio agent training. Both of the special schools were transferred from Moscow in Feb 1944 to 35 Dekabrist Street in Leningrad.

Also in 1944 February the "Special Section for Special Tasks" school, which was the partisan schools located in Ivanov and Kamp Pogorelko were transferred to 35 Dekabrist Street.
